In reply, informs him that the Chief Commissioner is averse to cases of this kind, since the precedent will prove inconvenient and cause much labour and expense. As regards the grant in Chumiari (the subject of the preceding letter) remarks that it was made by the village zamindars and was manifestly invalid. There is no documentary evidence to prove that the lands were held rent-free for the period of 60 years, and the evidence of the villagers in a question in which they have a strong feeling is not satisfactory. The Chief Commissioner knows from personal experience that these *takias* are the resort of thieves and murderers, and such being his deliberate opinion, he cannot advocate the release of the land in Chumiari nor agree to reconsider similar cases in the Jullundur Doab.

Ditto	Forwards a copy of a letter No. 60, dated the 4th February 1853, from the Commissioner, Trans-Sutlej States, with its enclosures, and observes that the district of Kot-Kangra has hitherto been very inaccessible. At all seasons the journey from Hoshiarpur is difficult and in the rains all but impracticable. In consequence, the hindrance to trade is very great, the produce of the Kangra Valley being exported with much difficulty. Points out the immense importance to both the people and to Government of having an easily travelled road between those two stations. To commence with it would be of the greatest account and for military purposes one of great moment. States what the cost of the road would be and solicits sanction to its construction.

Nos. 43—6.
	No. 197—420, dated 14th April 1853 From—The Secretary to the Chief Commissioner, Punjab. To—The Officiating Secretary to the Government of India.	Ditto Restoration of resumed grant recommended.	Forwards a copy of the preceding and enclosure. The Financial Commissioner recommends a pension to the family of Rs. 260 per annum but the Chief Commissioner considers that the precedent would probably prove inconvenient and, therefore, recommends that the well and 15 *gumaons* of land (which had been resumed by the Deputy Commissioner) be released to Hursa Singh and his heirs male in perpetuity, with effect from the time of the revised settlement.

187	No. 75—740, dated 16th May 1853 From—The Financial Commissioner, Punjab. To—The Secretary to the Chief Commissioner, Punjab.	Application of Hardal Rani for a grant of money to meet her daughter's marriage expenses. The Financial Commissioner observes that there appear to him to be many objections to compliance with the proposal of the Commissioner. States what they are, and adds that nevertheless it is impossible to deny that the high rank of the family (the most celebrated reigning house in those parts) and its present depressed condition invite compassion. He will not therefore oppose his individual opinion to the urgent representations of the local officers and will leave the case to be disposed of by the Chief Commissioner.	Progs. for the week ending 28th May 1853— Nos. 1—5.

Recommends the proposition for sanction, on the grounds that this Rajput family is extinct in the male line and, on the marriage of the daughter, will cease to be any expense to Government. The family ranks the highest in the whole of the Hill States and it would be good policy to enable the daughters to marry.

Adds that he kept this list separate as all the jagirs to which it refers were acquired by conquest and not obtained by grant, thus forming a class which appears to be entitled to more favourable consideration than ordinary rent-free grants.	Progs. for the week ending 28th May 1853-Nos. 17—20.

191	No. 80—779, dated 19th May 1853 From—The Financial Commissioner, Punjab. To—The Secretary to the Chief Commissioner, Punjab.	Pension of Ranjit Singh, Mafidar of Chilaki, Ambala District.	By Government letter No. 1238 of March 1853, a pension of Rs. 50 per annum was allowed to Ranjit Singh, Mafidar of Chilaki, Zilla Ambala, on the resumption of that holding, but on a reconsideration of the case, a superior grant of Rs. 250 per annum was sanctioned, though the date from which it should take effect was not specified. In consequence the Commissioner of the Cis-Sutlej States did not commence payment of the pension earlier than the date of the order granting it. The Financial Commissioner, therefore, recommends that the pension be allowed to have effect from the date of the resumption of Chilaki, *viz.*, 1st March 1852.	Nos. 24-5.

Observes further that it would require many Settlement Officers to do what Mr. Barnes proposes, and the expenses of the investigation would prove excessive. Requests that Mr. Barnes may be instructed to forward the records of certain cases (specified) and enjoins that for the future the investigating officer shoud be particular in recording in distinct terms the name and position of the granter, the fact of there being a *sunnad* forthcoming or not, the quantity of land being recorded in acres, and where *bighas* are alluded to, the *pucca bigha* should be understood.

Forwards a copy of correspondence with the Commissioner of Lahore, regarding the jagir of Sardar Alam Singh, Julawassia. Explains that villages to the nominal value of Rs. 6,220 were upheld in favour of Sardar Ram Singh (the father), for his life, out of a jagir of Rs. 10,720 and that, on his death a jagir of Rs. 4,000 should descend to his son, after whom Rs. 2,000 should be continued to his legitimate male issue in perpetuity. States that these villages have been now assessed at Rs. 4,384, and Sardar Ram Singh having lately died, the question has arisen whether his son, Alam Singh, shall succeed to villages actually yielding Rs. 4,000 or only to villages the value of which shall bear to the assessed revenue of the whole estate the proportion which the sum of Rs. 4,000 bears to the entire nominal value of the jagir maintained for his father's life, *viz.*, Rs. 6,225. The jagir having been shared as above stated and the share of Bur Singh being thus ½ and not ⅓, his descendants, therefore, shared Rs. 150, or ½ of Rs. 600 and not ¼ as supposed by the Hon'ble Court.

Ditto	Replies that the Chief Commissioner does not consider the result of the timber agency satisfactory and, from the remarks on the statement, it would appear that Lieutenant Hill considers his Chief duty to be merely to remonstrate with the Wazir of Chamba. Requests Civil Engineer will ascertain and report how often Lieutenant Hill has been up in Chamba, and call upon him for an explanation in detail of what he has done himself to get a supply of wood. It would be as well to abolish the agency and employ private individuals who would go up and, on their own speculation, cart and bring down wood.

With reference to the Mahant's petition, and the arrangement reported by Commissioner in his vernacular proceedings of the 21st June 1853, *viz.*, that in view of the resumption of Rs. 3,116 ordered in Board's letter No. 3577, dated the 23rd November 1852, to be made from the holdings of the Akhara, the Mahant has made over lands to the value of Rs. 3,065, and has agreed to pay the difference Rs. 51 in cash, the Chief Commissioner proposes to recommend to Government that the petitioner's prayer be complied with, and that one of the holdings (Mauza Burwala, parganah Kasur, estimated at Rs. 300), maintained to the institution be taken in lieu of the well and Rs. 51 cash Requests that Commissioner will enquire of the man if he has any objection to the arrangement.

	No. 756, dated 7th July 1853 ... From—The Secretary to the Chief Commissioner, Punjab. To—The Financial Commissioner, Punjab.	Ditto Area too extentensive. Prohibition of cultivation of wheat, barley, etc., unnecessary.	In reply, requests that the Financial Commissioner will obtain a sketch map of the ground showing the boundaries proposed by the military, and that Captain Stokes may be required to ascertain the views of the Brigadier Commanding, before the question is finally settled. The Chief Commissioner is not aware of any necessity for giving up all land within 1,000 yards of a fort or cantonment. In cases where cultivation is limited to wheat, barley and the like, which never exceed four feet or thereabouts in height, he thinks that such lands are more salubrious than those which are mentioned. Requests that it may be considered as a rule that the necessity for making over land to the milltary may first be determined, before any land is given up and compensation required.

Proposal to transfer villages of Chemah and Sukur Chak to Raja Tej Singh.	Forwards a copy of a letter from the Commissioner of the Lahore Division, and its enclosure, and observes that although the proposition of the late Board to transfer the villages of Chemah and Sukur Chak to Raja Tej Singh, in lieu of villages of his jagir valued at Rs. 1,171, which had been incorporated in Jammu territory, was sanctioned, no specific orders were issued as to the period from which the transfer should be made. Major Abbott, who laid down the territorial boundary, states that the Raja's villages were made over to Jammu on the 1st January 1851. Recommends, therefore, that the Raja be paid from the Amritsar treasury Rs. 2,927-8-0, being a moiety of Rs. 1,171 for the years 1850—52, and the entire sum for each of the years 1851-52 and 1852-53. 254	No. 60, dated 17th June 1853 ... From—The Commissioner of the Cis-Sutlej States. To—The Secretary to the Chief Commissioner, Punjab.	Village of Cheerak, Ferozepore District, shared by Sardars Sobha Singh and Dewa Singh. Principle to be observed when a village is shared by residents of Native States and British subjects.	Forwards correspondence in English and vernacular connected with the village of Cheerak, lying in the centre of the Ferozepore District, and shared in equal moieties by Sardar Sobha Singh of Kalsia and Sardar Dewa Singh of Cheerak Khas, though still under the jurisdiction of the former. With reference to the principle recognized by the late Board that shared villages, in which one of the sharers is a British subject, should come under the control of the paramount Power, and the order of Colonel Mackeson placing the village of Cheerak under British jurisdiction, the Commissioner directed the Deputy Commissioner of Ferozepore to assume the control of the village, which order he subsequently recalled under instructions from the Financial Commissioner, to whom he had originally referred the case.	Nos 41—3.
	No. 760, dated 7th July 1853 ... From—The Secretary to the Chief Commissioner, Punjab. To—The Commissioner of the Cis-Sutlej States.	Ditto Irregularity of Commissioner's procedure. Orders passed after consideration of merits of case.	In reply, observes that the Chief Commissioner considers his mode of referring the case irregular, inasmuch as having once referred it to the Financial Commissioner he was not warranted in giving any orders on it before receiving Mr. Edmonstone's reply. Neither was it otherwise than an irregular proceeding after having received that officer's answer, to submit the case again direct to the Chief Commissioner, instead of through the Financial Commissioner. With reference to the case itself, after a perusal of the vernacular papers which extend over a period of 18 years, and adverting to the proceedings of Sir G. R. Clerk, Political Agent, clearly showing that he considered the Cheerak Chief as directly subject to British control, with reference also to the important fact that Cheerak is, by the acknowledgement of the Kalsia Chief, an original conquest and not a tenure conferred by his ancestors, the Chief Commissioner considers that the village should be brought under British jurisdiction, the land assessed and our police introduced. Requests that he will, therefore, issue the necessary instructions.	
	No. 761, dated 7th July 1853 ... From—The Secretary to the Chief Commissioner, Punjab. To—The Financial Commissioner, Punjab.	Ditto	Forwards a copy of the preceding letter, and with reference to the irregularity of Mr. Barnes' proceedings, states that the Chief Commissioner would fain believe that that irregularity was attributable to haste or want of reflection or anything else rather than an intentional disregard of the Financial Commissioner's authority.

340	No. 215, dated 18th August 1853... From—The Financial Commissioner, Punjab. To—The Secretary to the Chief Commissioner, Punjab.	Proposed tax on opium produced in Kulu, Mandi, etc.	Forwards a copy of a letter from the Commissioner, Trans-Sutlej States, relative to the levying of a tax on opium produced in Kulu, Mandi, etc., and exported Trans-Himalaya and states that, in his opinion the tax, at the rate of eight annas per *batti*, might be very equitably levied, and that the levying of it would not be impolitic.	Progs. for the week ending 3rd September 1853—Nos. 65—7.
	No. 977, dated 3rd September 1853 From—The Secretary to the Chief Commissioner, Punjab. To—The Financial Commissioner, Punjab.	Ditto	In reply, requests that he will call on the Commissioner, Trans-Sutlej States, to report the precise mode in which he would collect the proposed duty, and to furnish an estimate of the establishments which would be necessary for carrying out his plan of collection. The Chief Commissioner's doubts as to the expediency of introducing a tax of this nature in Kulu arose from the peculiar nature of the country, which is difficult of access, and from the character of the people who, though primitive in their habits, are wild and barbarous. Anything like a disturbance in such a tract is, therefore, greatly to be deprecated. One of the great grievances complained of in Kulu when we got it in 1846 was the opium tax, and though the Chief Commissioner does not advocate the abandonment of any legitimate source of revenues, he feels that the realization of 4 or 5,000 Rs. would be clearly purchased at the expense of general discontent in so remote a part of our possession.

On a careful enquiry being instituted, the Financial Commissioner finds that the statement of the woman is in substance correct, and that the village of Kamalpur did not belong to the jagir of Sardar Khan Singh at the time it was reported by his agents to Government as so belonging. 346	No. 195, dated 4th August 1853 From—The Financial Commissioner, Punjab. To—The Secretary to the Chief Commissioner, Punjab.	Pensions proposed for females in lieu of resumed pattidari shares, Cis-Sutlej States. Orders of Directors that widows still in possession should not be disturbed.	Forwards two statements of pensions proposed to be granted to females in lieu of resumed pattidari shares in the Cis-Sutlej States, but with reference to the late orders of the Hon'ble Court of Directors, to the effect that such widows as are still in possession should not be disturbed, explains that he has not, in the majority of cases, made any specific recommendation, simply noting the amount of the pension to which the claimant in each case would be entitled, if the resumption is maintained. There are some cases in which the parties were dispossessed so far back as 1851, and in such cases he thinks the application of the rule above alluded to would be inconvenient. Ditto	Forwards a copy of the preceding letter and statements, with the recommendations of the Chief Commissioner entered therein. With reference to those cases in which the resumption of land has already ta' en place, remarks that there are not good grounds, in the Chief Commissioner's opinion, to release them again, as the widows are more comfortably provided for by a pension than by land.	
347	No. 993, dated 8th September 1853... From—The Secretary to the Chief Commissioner, Punjab. To—The Deputy Commissioner, Fatehpur Gugera. Forwards a copy of a vernacular proceeding relative to the claim of Bhai Dharshan, Mahant of the Dera Bhai Bhuman Shah, in the Dipalpur pargana, to the rent-free tenure of Mauza Bhai Darshan, pargana Pakka Sardar, and a well in the village of Thakur. Explains that in considering the possessions of a Muafidar in any district, the plan has been to enter in the statement his possession in other districts also, so that his claims might be considered as a whole. Requests that he will therefore summon the Mahant before him, and call on him to give a detail of each and all his holdings in any district or division whatsoever, warning him at the same time that any holding which he may omit to mention will be liable to resumption if claimed or discovered at any future period. The claimant should be required to make over all *sanads* he may have and to describe, with as much precision as he can, the circumstances of the grant of each holding. These should then be corroborated by the village Lambardars, who should be confronted with the Muafidar in case of any material or important discrepancies between the statements of the two.	No. 36.

Results criticised and pronounced satisfactory. Result probably distasteful to the Mullicks.	In reply, states that the assessments appear to the Chief Commissioner to be light and reasonable, and that there is a likelihood, therefore, of there being a steady and perceptible transition to the system which prevails in the older provinces which will raise and improve the position of the mass of the agriculturists, though it will, doubtless be very distasteful to the village Mullicks. States that the Deputy Commissioner has shown intelligence and research in his report. The Chief Commissioner confirms the settlements for a period of three years.	Progs. for the wpek ending 22nd October 1853— Nos. 10—12.

Conflicting claims of present and former holders. Adoption of Hazara plan recommended.	In reply observes that the Chief Commissioner considers the report a valuable and interesting document throwing much light on the history of Momund and the character of the people. With reference to the question of the disposal of conflicting claims advanced both by the present holders of villages and the former ones, who, during a period of anarchy and confusion, left the country, the Chief Commissioner considers that the plan adopted by Major Abbott in Hazara would be eminently successful as well as popular, it being kept in mind that the present occupiers, who have weathered the storms of former days and made good the public burthens, have a strong and legal claim on our consideration. Adds that the Chief Commissioner sanctions the present settlement till it can be revised, as he thinks that it is as yet too high.

425	No. 284, dated 5th October 1853 ... From—The Financial Commissioner, Punjab. To—The Secretary to the Chief Commissioner, Punjab.	Proposed tax on opium.	Forwards, with his remarks, the reports of the several Commissioners in the Punjab on the question whether opium should be taxed in these territories on the cultivation direct or by an excise on the drug. Observes that he has found the subject to be of a very perplexing nature, and, after having given it his earnest consideration, he is still of opinion that there is not a choice of difficulties. The system which now obtains is open to serious objections, as the cultivator is allowed without let or hindrance to grow a crop which, so soon as it is matured and becomes convertible into money which he requires for the payment of his rents, is declared contraband. Of the remedies proposed, he (the Financial Commissioner) is on the whole disposed to consider the proposal to tax the cultivation most feasible. Recommends accordingly to this effect and gives details of his plan; proposes also that a duty of Rs. 200 per maund be levied on the exportation of opium in the direction of Bombay only and that the system followed in Malwa, of granting passes to protect the despatch of the drug while in transit to Bombay, be adopted. States that the details of the system may be sketched out when the system itself has been decided on.	Nos. 7-8.

463	No. 322, dated 9th November 1853 From—The Financial Commissioner, Punjab. To—The Secretary to the Chief Commissioner, Punjab.	Difficulty experienced in withdrawing obsolete coin. Increased rates of discount suggested.	With reference to previous letters relative to the withdrawal from circulation of certain dead currencies being impeded by the fact of the coin bearing a higher valuation, in the market than that determined by assay and prescribed for the guidance of treasury officers in their reception, states that he has received communications from the Commissioners of Leiah and of the Trans-Sutlej States, reporting the existence of the same evil in their divisions. Observes that unless the rules for the reception of these coins into Government treasuries be relaxed, the efforts of district officers to withdraw from circulation all coin save the one standard rupee must be fruitless. Alludes to the dislike which the treasurers themselves have to receive the uncurrent coin from the trouble of testing them, and proposes, as a remedial measure, that such a rate of discount be determined on each kind of coin to be received as shall render it more advantageous to the holders to pay it into the treasury than to exchange it in the bazar. Also suggests that these coins be tested in the gross, the average outturn of each remittance being taken as the value for which credit shall be given.	Nos. 15—17.

Forwards a copy of a letter and of its enclosures from the Commissioner of Jhelum proposing certain improvements in the organisation of the Indus Preventive Line and of the establishment originally sanctioned for it, and expresses his entire approval of the suggestions of Mr. Thornton, notwithstanding that they require too small additions to the expenses of the line.	Progs. for the week ending 21st January 1854— Nos. 30—33.
	No. 42—54, dated 19th January 1854. From—The Secretary to the Chief Commissioner, Punjab. To—The Under-Secretary to the Government of India	Ditto Very large increase of income.	Forwards copies of the preceding letter and of its enclosures and observes that the Chief Commissioner has examined the improvements that have been made in the mines and that he quite concurs with Mr. Thornton in considering the increased expenditure necessary, *viz.*, Rs. 7,668 per annum. Remarks that at the time of the abolition of the customs excise, it was calculated that the salt excise would not fall below 8 lakhs and not exceed 12 lakhs per annum, whereas in the fourth year of management it approached 17 lakhs and now promises 20. Assuming, therefore, the income from the salt excise at 18 lakhs per annum, the expenditure proposed and prospective will not raise the total expenses beyond 13·1 per cent. Solicits sanction also to the expenditure of Rs. 5,670 for building houses and posts for the establishments on the salt line and to the disbursement of Rs. 928 on annual repairs.	
533	No. 57, dated 19th January 1854... From—The Secretary to the Chief Commissioner, Punjab. To—The Commissioner of the Trans-Sutlej States.	Report on the salt excise of the Punjab. Importation of Mandi salt to be checked.	Forwards extract from a report by the Commissioner of the Jhelum Division on salt excise of the Punjab and observes that it is desirable that he should direct his attention to the salt mines of Mandi, and not permit any arrangement by which the introduction of that salt into the Punjab on any extended scale could be effected.	No. 39.
53½	No. 11, dated 7th January 1854 ... From—The Financial Commissioner, Punjab. To—The Secretary to the Chief Commissioner, Punjab.	Partition of estate held by the brothers Jaggat Singh and Bhaggat Singh, Sodhis.	Forwards a copy of letter from the Commissioner of the Cis-Sutlej States relative to a deed drawn up by the brothers Jaggat Singh and Bhaggat Singh, Sodhis, by which 2/5 of the estate is to be given after the demise of the former to the latter. Under Government orders of May 1851, the elder or Sodhi Jaggat Singh was directed to make over a cash allowance of Rs. 1,000 to his younger brother, but the payment was never made, the brothers usually living together in the village of Butar. Recommends however (since Jaggat Singh has himself agreed to the division above alluded to, and as the arrangement will be in every respect preferable to the cash allowance originally assigned to Bhaggat Singh) that the agreement be ratified.	Nos. 40—44.

584	No. 9, dated 7th January 1854 ... From—The Financial Commissioner, Punjab. To—The Secretary to the Chief Commissioner, Punjab.	Conditions under which a Sardar may resume the holdings of his Zaildars and feudatories.	Forwards copies of correspondence with the Commissioner of the Cis-Sutlej States, regarding the conditions under which a Sardar may resume the holdings of his Zaildars or Feudatories. These Zaildars were the companions in arms of the Sardars whom they assisted in acquiring the country, and with whom they shared the spoils. By the custom of the country, the Sardar is entitled to succeed to all escheated shares of his feudatories, but in many instances, while he possessed complete jurisdiction within the limits of his estate, he had foregone the privilege, and allowed the shares to fall into the hands of relations, who, by the Government rules laid down in February 1851, would not be entitled to inherit. Under these rules, the state of possession in 1808-9 was taken as the basis of adjudication, and he would apply the same rules to the cases under question, with this difference that the year 1847 (when sovereign powers were withdrawn from the Sardars and Jagirdars of the Cis-Sutlej States) should be assumed for defining and registering every tenure belonging to these feudatories, by which arrangement all tenures held prior to January of that year would be declared rent-free, subject to escheat in default of lineal heirs male, and all succession subsequent to that date would be open to enquiry. Adds that Mr. Barnes has asked for a reconsideration, at the same time, of the rule laid down by the late Board by which Jagirdars of Cis-Sutlej States were empowered to resume all rent-free tenures within the limits of their own estates which rule Mr. Barnes considers too arbitrary, and he wishes it to be decided whether "grants clearly derived from rulers prior to Sikh conquest and held up to the present time should or should not be exempted from the interference of the Sikh Jagirdars." The Financial Commissioner states that he is averse to any revision of the rule and submits his reasons for so judging.	Progs. for the week ending 28th January 1854— Nos. 1—3.
		Jagirdars empowered to resume rent-free tenures within limits of their own estates.		
	No. 61, dated 23rd January 1854 From—The Secretary to the Chief Commissioner, Punjab. To—The Financial Commissioner, Punjab,	Ditto	In reply, informs the Financial Commissioner with reference to the question first discussed in his letter, that the Chief Commissioner concurs with him that the year 1847 should be assumed for defining and registering every tenure belonging to Zaildars. With reference to the point discussed in paragraphs 7 to 10, the Chief Commissioner agrees with him that it would not be expedient to modify the rule alluded to, since, in any particular case of lardship, it is always open to the Commissioner to make a special reference.

Claim of Lakpat Misr to the pension granted to his father by Maharaja Ranjit Singh.	Forwards a copy of a letter from the Commissioner of Lahore, relative to the claim of one Lakpat Misr to the pension granted to his father, Kahn Chand. When the pension was allowed in August 1850, and the parties concerned in it were sent for by the Deputy Commissioner of Amritsar, it appeared that the father had been dead about 30 years, and that the son had personated him at the time of enquiry, for which reasons Mr. Saunders threw out the application. Lakpat Misr appealed to Mr. Montgomery, then Commissioner of the Lahore Division, who informed him that his name would be restored to the pension roll, if he could prove that he had received the stipend granted by Ranjit Singh uninterruptedly from the date of his father's demise. Forwards copies of correspondence relative to the village of Milksheikan, Parganah Udboa Rani Chand Kaur, Zillah Ambala, which had been released by Government orders to one Lachman Nath, on information which now appears to have been erroneous, *viz.*, that the village, which had been granted by the widow of Sardar Bhunga Singh of Thanesar to the priests of the Akal Bunga at Amritsar, had been exchanged by them with Lachman Nath, for another in the neighbourhood which had been granted to him by Sardar Lehna Singh, the fact being that this village had been leased out by the priests to the Sirdar, who had given it to Lachman Nath in charity, paying however as usual the amount of lease. 582	No. 196, dated 9th March 1854 ... From—The Secretary to the Chief Commissioner, Punjab. To—The Financial Commissioner, Punjab.	Over-assessment and dissatisfaction in the Dera Ghazi Khan district.	Informs the Financial Commissioner, that the Chief Commissioner having visited a large portion of the Dera Ghazi Khan district ascertained that notwithstanding the very charitable reductions which had been given in the late summary settlement, much discontent still existed among the agriculturists, Millankote appearing to be the parganah in which the people were most dissatisfied. Remarks that, with the peculiar soil (a tenacious clay) and the indolent and improvident habits of the inhabitants of Dera Ghazi Khan, careful attention is essentially necessary not only in making the assessments, but at every harvest, in order to ascertain how such assessment works. By the *Mislbandi* the assessment for 1853 54 appeared to be Rs. 4,55,504. The late reductions are estimated at Rs 71,534 and on this again a further abatement of Rs. 25,151 has been given, thus making a deduction of upwards of 20 per cent. In such a district as the one under review, if our officers are too rigid in their demands the country will be depopulated, and if too lax, the legitimate interests of Government suffer. A money assessment is perfectly bearable, if District Officers are equal to their duties and responsibilities.	Progs. for the week ending 11th March 1854— No. 56.
		Principles to be observed in fixing assessments.

Forwards a copy of the preceding letter and enclosure and observes that, if extensive grants of waste lands are made on a nominal assessment, the result will be that the cultivators of these which are fully taxed will desert their fields and resort to the parties who can afford to sub-let land at a moderate charge. The land tax is the main source of public revenue, which, if alienated, there is nothing to supply the deficiency.

With reference to the circular of the late Board of Administration No. 1043, dated the 29th November 1849, directing that, from the 1st July 1850, all jagirdars should bear the expense of the khasrah measurement, states that in the Sialkot District only Raja Teja Singh has protested against the payment, on the ground that he did not ask nor desire the measurement and that the revised settlement has greatly reduced the income derived by him from his jagirs. Proposes a general percentage rate being fixed and recommends that mere muafidars, or holders of isolated plots should be exempted. Submits, for Chief Commissioner's perusal, the original correspondence on the subject.	Nos. 40-41.

Answer to Raja Teja Singh's objections.	In reply, informs the Financial Commissioner that the Chief Commissioner concurs in the adoption of the percentage rate proposed to be levied. *viz.*, 10 per cent. where a share of demarcation (Hadbust) expenses has been already paid by jagirdars and 12 per cent. where this has not been done. Directs that in the Sialkot District those who have already paid according to Mr. Prinsep's arrangement, should be required to pay up the balance which may be due according to the rate now fixed. Raja Teja Singh cannot be exempted from the operation of this rule, and the plea advanced by him is not valid. The settlement and survey have cost Government a very large sum, and it is perfectly just and equitable that jagirdars should contribute their share. Returns original correspondence and requests that all arrears may be collected within the next six months, and the result reported for the Chief Commissioner's information.

2234	No. 84, dated 29th May 1858 ... From—The Commissioner of the Lahore Division. To—The Secretary to the Chief Commissioner, Punjab.	Civil buildings at Anarkali. Proposed transfer for to civil authorities.	Recommends that the civil buildings at Anarkali be made over to the civil authorities, and suggests that Mr. Steiner might be appointed to look after them. Observes that the houses would seem to be underlet, and adds that he is called upon, as Commissioner, to sanction sales of land not under the control of his subordinates.	Progs., for the week ending 12th June 1858— Nos. 3-4.
	No. 487, dated 7th June 1858 ... From—The Secretary to the Chief Commissioner, Punjab. To—The Commissioner of the Lahore Division.	Ditto Proposal negatived. Sales of land.	Replies that the Chief Commissioner does not see the necessity of the measure recommended. It is desired to sell the Anarkali houses to private individuals, and this object is being gradually accomplished. The rents were fixed, with the sanction of superior authority, at rates, which at that time, were considered fair, and it does not seem necessary to alter them now. Moreover, the civil authorities have already too much to do, without taking over work from the Public Works Department, and Mr. Steiner, if he adequately looks after Nazul property and *Rakhs*, should find abundance of occupation. Adds that it does not clearly appear what can be the nature of the sales of land alluded to by the Commissioner.

States, however, that in matters of assessment, remissions and balances, the Government official year may be cited. But in this, as well as in the former respect, absolute uniformity should be secured throughout these territories.

Requests Chief Commissioner's sanction to recognize the succession to the estate in favour of Sardar Jai Singh of Manoulie, the heir of the deceased. Suggests measures for the management of the estate during the minority of the Sardar, and, with reference to the premature death of Sardar Jaswant Singh, mainly caused by vicious courses, and considering the evil tendency of the acquisition of independence at the early age of 18 as exemplified in other instances, proposes that the legal age for majority be fixed at 21 years, and that even at that age the control of the District officer be relaxed only gradually. 2271	No 3176. dated 11th June 1858 ... From—The Secretary to the Government of India, Financial Department. To—The Secretary to the Chief Commissioner, Punjab.	Financial requirements of the Punjab. Proposed opening of a loan. Loans taken from Patiala and Nabha.	Acknowledges the receipt of Chief Commissioner's letters Nos. 375 and 464, dated the 10th May and 1st June 858, respectively, regarding the financial requirements of the Punjab, and intimates that it is inconvenient and expensive to send cash remittance to the Punjab from Calcutta. Enquires whether a considerable sum of money could not be obtained by opening a 6 per cent. loan repayable in one, two or three years, and intimates despatch of a telegram prohibiting the repayment of the loans made by the Maharaja of Patiala and the Raja of Nabha, if those Chiefs are agreeable to allow them to lie over for some time longer. Ditto	Forwards a copy of the preceding letter and requests that he will carefully reconsider the previous demand for a remittance of 60 lakhs and report whether it cannot be diminished. Adds that he should reduce his requirements to the lowest figure consistent with financial security.	
	No 558, dated 26th June 1858 ... From—The Secretary to the Chief Commissioner, Punjab. To—The Secretary to the Government of India.	Ditto Raising of new loan deprecated. Repayment of loans taken from Patiala and Nabha postponed.	Replies that the Accountant has been called upon to report whether a lesser sum than sixty lakhs will not suffice. A lesser amount might perhaps enable the Punjab alone to pass through the autumn months until the *kharif* instalments begin to come in, but it will be desirable that a remittance of 20 lakhs be arranged for. The Chief Commissioner deprecates the opening of another loan in the Punjab, if such a measure could anyhow be avoided. The Commissioner, Cis-Sutlej States, has been already instructed not to repay the Patiala and Nabha loans, and it is not likely that any such repayment will at present be asked for by those Chiefs.

2340—*concld.*	No. 723, dated 17th August 1858 From—The Secretary to the Chief Commissioner, Punjab. To—The Financial Commissioner, Punjab.	Report on the operations of the Customs Department in the districts of Sirsa, Hansi and Delhi for 1857-58.	In reply, observes that the results reported are a source of great satisfaction to the Chief Commissioner. Although the line was in operation for only seven months out of the year, yet no less than Rs. 22,66,128 were received in the gross, of which Rs. 19,65,766 represent net revenue and these amounts equal at least two-thirds of the average annual receipts during preceding years. Believes that much of the success is owing to the good management of our officers, to the revival of trade and to the pacification of the territory. Conveys acknowledgements to Mr. W. E. Money, the Commissioner, and to Messrs. Murphy, Tapsell and Johnstone, the Collectors. In future reports the Commissioner should note also the conduct of the subordinate officers. Requests that the submission of the administration report from the Delhi Collector may be expedioted. The Commissioner's attention should be drawn to the various practical suggestions contained in Mr. Johnstone's report in view to their being disposed of at once. Also points out that a considerable saving may probably be effected by readjusting the line in consequence of the annexation of Jhajjar, as a fresh tract of the same size will thereby be brought under contribution. Immediate care should be bestowed on this subject, so that all necessary changes may be made without delay. This can conveniently be done in consultation with Mr. Murphy, the Collector of Customs at Delhi, who has much local knowledge.	Progs. for the week ending 21st August 1858— Nos. 23—43.

Forwards for the orders of the Government of India, a report by the Financial Commissioner, on the fraudulent possession of the village of Buhrwal, in the Amritsar district, by Sardar Kanh Singh of Attari. The Chief Commissioner considers that the blame rests, not with the Sardar, but with his agent, Diawn Narain Singh. Represents the services rendered to Government by the latter, and states that, so far as the Chief Commissioner is personally concerned, he would rather give the chief 2 more villages than resume the one in question, but, taking into consideration all the circumstances of the case, the Chief Commissioner has no other alternative, and recommends though reluctantly, that the village of Buhrwal be resumed. Nos. 39—41.
	No. 848, dated 18th September 1858. From—The Secretary to the Chief Commissioner, Punjab. To—The Financial Commissioner, Punjab.	Ditto	Replies that the Chief Commissioner considers that the Kanungo should not be required to keep a duplicate return of payments made by the zamindars, as such a return is kept by the Tahsildar, and the Kanungo's return will hardly be an independent return, but a mere copy and, as such, is superfluous. Observes that one of the principal functions of the Kanungo is the supervision of the Patwaris' papers, and even now in most districts this is not properly done. The Chief Commissioner would, therefore, relieve the Kanungos of any duty that can be dispensed with, lest by expecting too much of them, we find that they can not effect even that which is indispensable to the due administration of fiscal affairs.

Death of Jahandad Khan, Chief of Amb and Tanawal on the Hazara Frontier. Major Becher's action commended. Future management of the estate.	Replies that the Chief Commissioner fully approves of the steps taken by Major Becher to ensure the peaceful succession of Akram Khan to his father's estate.
